

Frame square for 2 elements chrome Simon 88

REF. 88622-33

BASIC INFORMATION

DESCRIPTION

Square frame for two elements, with chrome finish, it belongs to the range, square of the Simon 88 series. Simon has a wide catalogue of frames, rockers and covers, with finishes very varied and versatile. For this reason, as a recommendation is to use the same chrome finish in the necessary rockers and covers. It can be installed both surface-mounted or flush-mounted. Also, the orientation is also variable, since it can be position, place it both horizontally and vertically, which provides the frame of great versatility. The socket of the frame is made of thermoplastic, a material that withstands very variable temperatures and the frame is zamak with a chrome finish. Its dimensions are 85 x 156 millimetres and is available in capacities for 1, 2, 3 or 4 elements in total. For maintenance you just need to use a soft cloth, moistened in water with neutral soap, without abrasive cleaning products.
