

Plate for inductive R/TV sockets ivory Simon 27 Play

REF. 27053-31

BASIC INFORMATION

DESCRIPTION

Included in the Simon 27 Play series, we find this plate for R-TV inductive sockets, in ivory colour and available in 2 finishes. The piece comes in packs of one unit and is suitable to be recessed, the Simon 27 Play series is characterized by its simple and functional line items, designed for any corner of the home. The plate has dimensions of 45x45 mm and has been manufactured in thermoplastic according to the regulation regulations. The quality of its materials guarantees outstanding thermal resistance. For a better conservation, it is advisable to install the plate in environments with temperatures between 5 and 40°, its installation is straightforward, although you have at your disposal the product manual that you can consult if you need it. The plate has two modules, although it does not include any engraving or has a signaling function.
