

Frame square for 1 element graphite Simon 88

REF. 88612-38

BASIC INFORMATION

DESCRIPTION

This frame is part of the range Simon 88 and has a square shape measuring 85 x 85 millimetres. The product is a nice graphite colour finish, so it is advisable to combine it with rockers and covers of this same colour or other similar. Its installation is very easy and can be done directly on the surface-mounted or recessed, according to the needs of the room where it is placed, it also allows the possibility of installing it vertically or horizontally. Stand out its components, manufactured with thermoplastic responding to the latest technology in the market and that give it an extra resistance. For this reason, it is able to operate so optimum in situations very high or very low temperatures. Its maintenance is also very simple and consists of passing a soft dry cloth. Do not need to use any product chemical. The products of the range Simon 88 stand out for its functionality and versatility, something that perfectly combines with the appearance of the home or office.
