Thermostable frame for 2 elements ivory Simon 31

REF. **31621-31**

BASIC INFORMATION

DESCRIPTION

The ivory finish of this frame of the Simon 31 series combines softness of the lines of a simple design, with the elegance of colour. Composed of two elements, the design can contain up to four. It measures 157x87mm. To complete the design, it is recommended to use the rockers and covers in the ivory finish. For its installation you can opt for the installation in vertical and horizontal, showing itself to the adaptability model. The manufacturing material is thermo-stable plastic that has a great resistance to the heat. For your care, it is necessary to use a soft cloth slightly moistened with soapy water.
