Back kit for 3 elements with 3 two-way switches Simon 100

REF. **10010301-039**

BASIC INFORMATION

DESCRIPTION

BAK kit for 3 elements with 3 two-way switches from the Simon 100 series. It has a click terminal type of connection, a current of 10 AX and a voltage of approximately 250V. The installation of this kit is recessed and made of materials. It is also an ideal kit for use in public places where the temperature is between 5 and 40 ° C, although it can also withstand extreme temperatures of between -25 and 50 ° C or so. . This new Simon 100 series is characterized by an elegant appearance, distinguished colors and subtle finishes, both perfect and will allow you to admire the beauty of simplicity. The unique goal of this Simon 100 series of products is that its functionality is so intuitive that you think you can operate it even with your eyes closed. With the only premise with which the Simon 100 range was born to make your life and so is, so that it groups together various functions in practical kits, with which will be able to meet your needs and will offer you a smooth appearance as well as ideal solutions for every room.
