

Interchangeable case for 2 half elements (1 element) American frame stainless steel Simon 27 Play

REF. 2700652-042

BASIC INFORMATION

DESCRIPTION

It continues with the maximum customization and chooses the interchangeable cover for American frame compatible with two media elements which requires an element with stainless steel finish belonging to the Simon 27 Play series, use the graphite finish for rockers and covers you want to combine with the sleeve, this way you will be able to get the most out of the Simon 27 Play collection. The Simon 27 Play series is based on the idea of enjoying decorating, in addition to bringing a revolutionary concept that allows you to take the initiative to redecorate their own spaces. You combine the interchangeable sleeves with the two finishes of the frames of the series, which are in white or ivory colour. It adds sleeves belonging to the four available ranges: Colour, metal and extreme. Arctic, changing the image of a room is as easy as clicking on the frame to completely change its appearance and offer the interchangeable sleeve design.
