

Voice and data flat plate with dust cover for 1 element for 1 BeldenCDT® RJ45 connector white Simon K45

REF. KA68/9

BASIC INFORMATION

DESCRIPTION

The series Simon K45 designed the flat plate for voice and data with dust cover for an element for an RJ45 connector BeldenCDT in white colour Simon K45, an accessory ideal to protect electrical systems installed in private homes or installations of all types of businesses. Many professionals include this plate in its projects due to the resistance to knocks as scratches of its structure, which has been manufactured with halogen-free thermoplastic material. This is a piece that stands out for the security that sockets to the installations, since its components guarantees no flame propagation in case of fire and the low toxicity in case of smoke measures 45 x 45 x 8 ' 5 mm Easy to install both in surface-mounted and flush mounted in box, in case of combining this plate with mini columns, columns, Teleblock, channels, mechanism holders, you must use the 90° positioner.
