IP44 watertight sealing kit for mechanisms white Simon 27 Play

REF. **2700951-030**

BASIC INFORMATION

DESCRIPTION

The IIP44 watertight seal kit for mechanisms of the Simon 27 Play series, it is manufactured in thermoplastic by being one of the safest materials of the market. It is a kit very versatile, because it allows installation both horizontally and vertically, making it also suitable for surface and flush mounting. Its finishes in white colour make it a great option that combines with any decoration. It requires combining with specific frames for intermediate piece, which is included in the kit. Our Simon 27 Play series has been designed to make life easier for our customers, because with a single mechanism, you can decorate multiple rooms, thanks to a few frames able to be installed both vertically and horizontally, and is also compatible with other series of Simon 27, and Simon 44 Aqua. Trust/Confident in Simon and enjoy our unique trends.
