Back kit for 1 Schuko socket outlet Simon 100

REF. **10010105-039**

BASIC INFORMATION

DESCRIPTION

It is a back kit for 1 element with 1 Schuko socket-outlet. It is included in the Simon 100 series and offers a system of click-terminal connection (1 click). This system allows the installation to be speeded up, giving the user maximum security during the entire process. The kit is suitable to be recessed in any space, as it is characterized by an extraordinary technical resistance. However, it is best to expose it to temperatures between 5 and 40°. The kits of the Simon 100 collection are designed to provide solutions for every room in the home. Stand out for their appearance of clean and neat lines and functionality, a perfect combination. The simplicity is the standard of the mechanisms in this series, designed to facilitate the daily life of users. With Simon 100, environments finally open a door to the future.
