19" ELECTROBLOCK with 6 Schuko sockets

REF. **F1006/14**

BASIC INFORMATION

DESCRIPTION

Manufactured with high-quality aluminum, the profile has been specially designed to withstand the high temperatures inside rack cabinets. The Electroblock's mounting flaps allow for multiple fixing positions within the rack, optimizing its internal space. The Electroblock is supplied pre-wired internally, with an instruction manual, and includes mounting brackets for the rack cabinet. It is designed to power any electrical or electronic device housed inside the rack cabinet: hubs, switches, repeaters, routers, etc. It measures 1U in height (44.45 mm) to maximize space inside the cabinet and ensure compliance with IEC 60297 standards. The Electroblock is supplied pre-wired internally, with an instruction manual, and includes mounting brackets for the rack cabinet.

MATERIAL

Aluminium

COMPATIBILITY

19" Racks

ETIM CLASS

EC000330
