Double rocker for blinds mechanism with security latching ivory Simon 82

REF. **82028-31**

BASIC INFORMATION

DESCRIPTION

Double rocker with latching of security, for roller shutter mechanism. It offers 2 positions: Lowering and raising. It is ivory in colour and is made of thermoplastic material, it belongs to the most minimalist Series of the brand: Simon 82. This collection stands out for offering a wide range of textures and a simple design adapted to the latest market innovations, thus satisfaciendo the needs of users. For its correct installation it is necessary to use a universal recessed box or, in its absence, a baseboard surface-mounted. Its dimensions are 55 x 55 mm and includes engraving of the raising and lowering of blinds. It is recommended to clean this piece with a soft cloth moistened in soap and water, avoiding the use of abrasive products containing chlorine. If you are going to choose a frame, it is recommended that it has the same baseboard colour as the rocker selected.
