Frame, 3 half elements with frame holder for American box ivory Simon 27 Play

REF. **2700613-031**

BASIC INFORMATION

DESCRIPTION

The Simon 27 Play series has a revolutionary concept, which allows you to take the initiative in redecorating your own spaces. It has different innovative features such as its transparent sleeves and rockers that allow a total customization where you can have your frame and rocker as more fit to your needs and housing. It has solutions for all kinds of environments such as antibacterial, suitable for the health centres, nurseries and different decorative spaces, it also has mechanisms and socket outlets that optionally have effective IP44 protection against water and dust through sealing gaskets. On this occasion, the Simon 27 Play series offers a frame with an ivory finish suitable for three half elements (1 element and 1 half element) includes a metal frame for American box frame-holder. The frame measures 123x85 mm, the direction of installation can be done vertically or horizontally where desired.
