Blind cover for 1 element black Simon K45

REF. **K105/14**

BASIC INFORMATION

DESCRIPTION

The K45 series by Simon offers solutions of connectivity solutions, both for multimedia devices and electrical energy, the products in this range are specially oriented to be in both the furniture as in the level of work spaces or public places. With dimensions of 45 x 45 x 8.5 millimetres we find this blind cover for 1 element finished in black of the series Simon K45, in its individual version half module is a product suitable both for surface-mounted or to be flush mounted. As in all Simon products, it takes the security very seriously, so that manufacture this cover in halogen-free thermoplastic, which guarantees the no-propagation of the flame and low toxicity in the flue gas in case of fire. We can also find this piece in quarter and half module versions. We must avoid cleaning with abrasive products containing chlorine.
