

Ofiblock Compact for 3 useful mechanisms with rear diecut in the last position

REF. KFC103LP1/9

BASIC INFORMATION

DESCRIPTION

Anodized aluminum Ofiblock Compact profile capable of delivering maximum functionality in a compact size, enabling the convergence of power, voice, data, and multimedia solutions. With its minimal depth and wide range of accessories, it supports multiple installation options on raised floors, walls, furniture, metallic surfaces with magnets, or on DIN rails. Designed to meet the specific needs of each space, allowing you to configure it with your personalized arrangement of K45 modules, providing a versatile and efficient solution. It includes a side entry for direct cable routing and a rear knockout in the last position for optimal routing of the voice, data, or multimedia cable feeding the K45 module you choose to install. This module will be electromagnetically protected and shielded thanks to the included protective cup. Self-extinguishing, halogen-free thermoplastic covers protect the space in case of fire.
