

Clean Schuko socket outlet with screw terminal system copper Simon 270

REF. 20000434-091

BASIC INFORMATION

DESCRIPTION

The CLEAN Simon 270 socket base has reinvented the traditional way of plugging in, incorporating a flat surface that is flush with the wall, fully integrating it and making it cleaner. Its design goes beyond aesthetics and improves people's quality of life. Thanks to the patented auto-cover magnetic system, the cover automatically moves when the visible sockets are not in use, thus preventing the accumulation of dirt inside, facilitating cleaning and extending its durability. The CLEAN Simon 270 socket base is compatible with minimal aesthetic frames. Its design offers aesthetics, functionality, and technology in a single system.

FINISH

Copper

COMPATIBILITY

Simon 270 frames

MATERIAL

Thermoplastic

ETIM CLASS

EC000125

REMARKS

Available in various finishes. It is recommended to choose a frame in the same color as the selected interior to create a monochromatic set.
