Frame round for 2 elements graphite Simon 88

REF. **88620-38**

BASIC INFORMATION

DESCRIPTION

Round frame for two elements, with a beautiful finished in graphite colour grey. It is part of the Simon 88 series and to the range, round, within this same series. To optimize its appearance within the room in which it is installed, it is advisable to use the rockers and covers that accompany the frame in the same graphite finish. The dimensions of the frame Simon are 100 x 171 millimetres and is manufactured from a thermostable component, which gives functionality to the frame. Thanks to these materials of the highest quality, this product can withstand very variable temperatures, ranging from -25 degrees centigrade and the + 50 degrees centigrade maximum. It can be installed in surface-mounted or flush-mounted, as well as in vertical or horizontal. For their longer service life maintenance is simple. Only necessary to use a soft cotton, very cloth, moistened in a solution of soapy water.
