

Flush-mount box for 1 element for hollow partition wall

REF. 31712-61

BASIC INFORMATION

DESCRIPTION

Each building has a structure type and maximum features architectural requirements different. At Simon we are aware of this and, therefore, we offer products and accessories for all of them. In this occasion, the Simon series 31 designed the flush mounted box for an element for hollow partition wall, whose universal dimensions are 74x74x45 mm. The resistance and durability of its structure has a secret: Use materials with thermoplastic components of first quality. With a sense of installation, which can be carried out both vertically and horizontally, it can be finished in just a few minutes in a simple way. Its capacity is for 1, 2, 3 and 4 elements, for those who decide to wager on this flush mounted box, it is recommended to use the special crown ref.. 10999-31 due to all this, each day it is the most chosen for both individuals and professionals in the sector of the electricity.

FINISH

Ivory
