Interchangeable case for 1 element frame arctic black Simon 27 Play

REF. **2700617-086**

BASIC INFORMATION

DESCRIPTION

Arctic black finish, this interchangeable sleeve is suitable for frames of 1 single element is part of the Simon 27 Play series, a collection that encourages you to enjoy decorating through the small details. Therefore, it has a wide range of interchangeable sleeves for frames you can modify the appearance of a room with just one click. Are available in 4 ranges, in bright colours and designs of the most original, adapting to the tastes of each one. This reference, in particular, is manufactured in thermoplastic painted in compliance with the regulation and measures 86x93 mm is suitable for surface or flush mounting installation, and can be installed both vertically and horizontally. When combining it with rockers and covers, the most convenient thing is that these are graphite colour for a better result. For maintenance and cleaning, simply use a soft, dry cloth.
