

Flush-mount box for 4 elements for hollow partition wall

REF. 31742-61

BASIC INFORMATION

DESCRIPTION

Box suitable to be flush mounted and optimum for four elements, to install it in hollow partition wall. This box is part of the Simon series 31 and can be position, place it both vertically and horizontally. It is manufactured from materials isolated thermoplastically, which does not contain halogens and enhance the security. These components support very variable temperature, ranging from -25 to + 50 degrees centigrade. It is recommended to use the special crown reference (: 10999-31) separator covers prevent the flexion of the box flex, achieving a isolation between possible combinations of elements of control and power. The box Simon is available for different capacities, in particular, 1, 2, 3 or 4 elements to the supreme. This box has dimensions of 284 x 74 millimetres, with a depth of 45 millimetres. All the products in Simon 31 advocate due to promote the highest quality, as well as the versatility, offering wonderful designs, which generates a unique appearance, regardless of the space in which it is to locate.
