

Intermediate piece for 3 half elements brown Simon 27

REF. 27901-33

BASIC INFORMATION

DESCRIPTION

This is a series classic, the Simon 27 series, designed to modern, simple and functional. This series combines in an efficient way a design of the frame of neutral lines with a touch of colour offered by the intermediate piece. All the mechanisms of this series support the Simon 27 play appearance, which allows us to redecorate a room with a single click the interchangeable on the frame. This is a middle piece for 3 half elements that is part of the Simon 27 series, this product is manufactured in thermoplastic and has a finish in colour brown. Its installation you can perform both vertically and horizontally. This intermediate piece is suitable for flush mounting and is available for 2, 3 and 4 half elements. A quality product of the brand Simon, a leading company worldwide in the low voltage electrical equipment.
