

German socket outlet 16A 250V~ with hinged cover, safety device and screw terminal connection grey Simon 27 Play

REF. 27490-37

BASIC INFORMATION

DESCRIPTION

It is a Shuko socket-outlet 16 A 250V~ that consists of a hinged cover and device security. Uses a system of screw-terminal connection to facilitate its installation. With grey finish, the mechanism is suitable for surface and flush mounting. It has metal parts with halogen-free thermoplastic insulation, providing maximum security. The trim is made of thermoset, a material that is also very resistant. It is a device designed to make the home a safe place and, therefore, the lids include the function of protecting the youngest in the house. The socket-outlet measures 45x45 mm and has no engraving. It is part of the Simon 27 Play series, a collection of intelligent mechanisms with the most innovative electronic functions. It is a series with which to enjoy decorating all kinds of spaces through customizable and functional parts.
