

Beacon 850 installation expansion kit

REF. 85095000-039

BASIC INFORMATION

DESCRIPTION

In its continuous search solutions appropriate to each situation, Simon presents its kit expansion of beacon, round. The Simon 850 Beacon, round, can be extended to 2 to 3 beacons, up to 3 to 6. This is possible thanks to the kit expansion of the installation. This allows you to position, place the double beacons and use them with the same power supply, which, as always, it is away from the optics from the beacon, to ensure greater durability and convenient maintenance.
