

Frame for 3 elements cream interior white Simon 82

REF. 82631-31

BASIC INFORMATION

DESCRIPTION

The elegance of the classic is reflected in the range Colour of the frame in the Simon 82 series, with its socket in cream colour and its indoor as well as complements, rockers and covers, in white, with reference 82631-31. It is composed of three elements, measuring 229x89mm. It can have a capacity of one to four when so required. Their adaptability in the assembly lets you can use both in recessed boxes universal, as in surface-mounted according to the needs of the space. The manufacturing material for both the baseboard and the frame is thermoplastic, which provides resistance and hardness to model. Its maintenance does not require special nothing, a simple soft cloth slightly moistened in soapy water and the frame will retrieve its original.
