Single rocker with viewer and light symbol for S.77 mechanisms graphite Simon 82

REF. **8200016-038**

BASIC INFORMATION

DESCRIPTION

Design and functionality in a single product, with the individual rocker with viewer of the Simon 82 collection, with a discreet and original light engraving, this rocker finishes in cold aluminium has the perfect balance between way, texture and colour. Designed for installation, recessed or surface-mounted, it is compatible with the mechanisms of the Simon 77 range, which makes its assembly when no need for stripping or strung of wire or use additional tools. The installation is simplifies to 3 wire simple steps: Insert, tighten and ready. Composed of metallized thermoplastic, it protects your room in case of fire, and can reach maximum temperatures of -25 and 50 °C. It consists of 1 single element that includes a signaling function to beacon and position the mechanism in places or situations of a low or zero lighting. The features of the individual rocker with viewer, it adds the versatility of its finishes to have 6 available. It guarantees not only the perfect integration of the set in the space, but also, adapting the design to each ambience decorative.
