

Hinged cover with safety device for German socket outlet grey Simon 75

REF. 75090-65

BASIC INFORMATION

DESCRIPTION

Hinged cover, with safety device, for the Schuko socket outlet. It has a beautiful and functional finished in grey colour and is part of the Simon 75 series, it is available in a total of four different finishes, which allows the end user to play with the designs of the plate, choosing the frame in the same colour or by performing mixtures something more daring alternatives. This is the individual cover for a single element. Does not have a signaling function, and also does not include any type of engraving. It is made in one of the safest materials of the time, a thermoplastic, guaranteeing no flame spread in case of fire in case of fire and which minimizes the toxicity if there is release of smoke. Also, due to these components, the cover can withstand extreme temperatures, ranging from -25 to + 50 degrees centigrade. It can be both surface or flush mounted, to taste. This increases the versatility, functionality and the options aesthetics of the plate Simon 75.
