Intermediate piece for 1 element aluminium Simon 27 Play

REF. **2700670-033**

BASIC INFORMATION

DESCRIPTION

The Simon 27 Play series products have been designed to add a very decorative touch to any room, presenting bright and cheerful colours that fit in perfectly with the most modern and modern styles. On the other hand, we offer our customers numerous decorative options, so that the result is your taste, customizing even the smallest detail. A clear example of this is the parts pieces for frames that, thanks to a touch of colour, give the frame a completely unique look. The intermediate piece for frames of 1 element with aluminium finish Simon 27 Play features a wide range colours to match any frame for intermediate piece of the same series. The only thing to consider is to combine the reference of both products. Also, this product has been manufactured with galvanized thermoplastic material of great resistance and quality.
