

Cover for digital control 2 channels with intercom and display graphite Simon 82 Centralisations

REF. 82552-58

BASIC INFORMATION

DESCRIPTION

Cover of the series Simon 82 Centralisations in graphite colour (but it is available in 3 different finishes) for the digital commandment with 2 channels. With 1 element, with intercommunicator and display and it can be installed in surface-mounted and also for flush mounted. The Simon 82 series Centralizations stands out because it is capable of offering many more functions in less space. These functions are: Sound, adjustment of lighting, programming of temperature, centralization of blinds and timing and clocks. Also, this range of mechanisms stands out for poderse position, place in a multitude of spaces, such as: Hotels, restaurants, kitchens, retails, furnishings, bed headboards, control stations and / or connection and work stations, for example. The cleaning of this cover is quite simple to perform as it will only need to wipe it with a soft cloth slightly moistened in soapy water and never use abrasive cloths or cleaners with chlorine, as it could be damaged.
