# Frame for 2 elements aluminium Simon 75

REF. **75620-33**

## BASIC INFORMATION

### DESCRIPTION

Belonging to the Simon 75 series, this frame for 2 elements is available in aluminium colour and comes in 12 finishes: White, ivory, gold, black, cobalt blue, green, bronze, chrome, grey, garnet, champagne and wood. It is suitable both to be recessed and for installation in surface-mounted and is manufactured in thermoplastic material, it has capacity for several elements. It has a rectangular shape and measures 80 mm x 159 mm This design allows you to adopt two different formats at a visual level: Horizontal and vertical. For the complete installation of the mechanism, the intermediate piece is required. This part is important because it allows to the rockers attached to the square cavity of the frames of 2,3 or 4 elements, which can be mounted either horizontally or vertically. Recommendations for proper cleaning: Use a soft cloth slightly moistened in soapy water and avoid aggressive products containing chlorine.
