USB connector female-female Type "A" with patch cord and built-in plate black Simon 400

REF. **40001191-038**

BASIC INFORMATION

DESCRIPTION

Simon is a Spanish company with more than 100 years of history that, thanks to the hard work of several generations is a benchmark worldwide in the low voltage electrical equipment. Simon has a challenge constant with the design and innovation, trying to achieve the maximum energy efficiency in all its products. A clear example of design and forefront is this type "A" USB connector, female, with a patch cord and built-in plate finished in black colour of the series Simon 400. Thanks to this connection we will be able to transfer data with all our devices in a quick and efficient way. To be the most used in the USB connector, now we are looking at a perfect product to hotels, public places and its household. A product withstands temperatures between -5 ° C to + 60 ° C and very easy to maintain, because thanks to the use of a soft and dry cloth, this gives the piece as the first day for many years.
