

Single rocker for switches with light indicator white Simon 28

REF. 28011-30

BASIC INFORMATION

DESCRIPTION

With a design of pure lines and original and finishes in a white tones tone, the single rocker for control mechanisms of the collection, Simon 28, combines style and functionality, ideal for environments where design takes prominence. With signalling function and built-in luminous light with a discreet and sophisticated light engraving, is designed for installation both flush mounted and surface-mounted that guarantees the total integration of the set in all kinds of decorative spaces and environments. Made of thermoset materials, it protects the room in case of fire and allows the mechanism to reach a temperature range of 5 to 40 ° C with maximum temperatures ranging from -25 to 50 degrees. Security, functionality and design in the single rocker in white of the range Simon 28.
