Cablomax PVC trunking 2m 130x55mm

REF. **TK02103/9**

BASIC INFORMATION

DESCRIPTION

Cablomax PVC channel with a length of 2 meters and a section of 130x55mm, featuring 1 front compartment capable of mounting all functions of the K45 range without the need for accessories, resulting in significant time savings during assembly, as well as having two additional internal compartments for the convenient distribution of wiring. Regardless of the designed structure, it ensures the isolation of electrical wiring from voice, data, and multimedia, as well as maintaining the correct bending radius throughout the distribution. It adapts to different architectures through its unique installation accessories and design. Manufactured with high-quality plastic materials, it is endowed with a degree of protection IP4X and IK07. We are talking about a fire-retardant, self-extinguishing, and flame-propagation-resistant material.
