Single rocker for double-pole switch matt white Simon 100

REF. **10000133-230**

BASIC INFORMATION

DESCRIPTION

This is single button for the bipolar switch of the Simon 100 range and must be installed horizontally. It has an elegant white colour and matte finish that fits perfectly with all types of spaces.

For its correct cleaning it is recommended to use a cloth dampened slightly in water, avoiding using abrasive cleaners that contain chlorine, so as not to damage the surface of the product.

To guarantee the correct functioning of the part, it must be installed in an area where there is a temperature range in operation from 0 to 40º C and in storage from -25 to 75º C.

This device is made of plastic and has a high degree of protection: IP20. It is a standard product that can be marketed within the EC and its development follows the current regulations, so it is completely safe.

FINISH

Matt white

COMPATIBILITY

Simon 100 mechanisms
