

Flat voice and data plate with dust cover for 2 ADC Krone® RJ45 for 1 element white Simon 500 Cima

REF. 50017089-030

BASIC INFORMATION

DESCRIPTION

The system workplace solutions 500 Cima, which presents the home Simon is the most complete for all types of connections in professional environments. This system offers great advantages over other systems for work stations, especially in terms of speed and comfort in your installation. This is thanks to its new terminal connection system, once you have inserted the wire you only have to press and the mechanism itself to perform the click. In this way, it is not necessary to strip or intertwine the wire. You get some excellent results, with the maximum safety. This flat base plate with dust cover is part of the series 500 Cima. This manufactured with halogen-free thermoplastic components, with one element and 1 and 2 ADC Krone ® RJ45 connectors, for voice and data connections. Includes snap-fit for fastening in housings and with a white finish in colour, it is possible to integrate into any space or ambience.

FINISH

White

PACKAGING CONTENTS

Flat voice and data plate with
dust cover

ETIM CLASS

EC000018

COMPATIBILITY

Simon 500 Cima enclosures
