

Cover with safety device for French socket outlet white Simon 88

REF. 88068-60

BASIC INFORMATION

DESCRIPTION

This cover is specially designed for French socket outlet, measures 68,3 millimetres and is part of the series of Simon products 88. Also, the cover comes with safety device included. The classic white of this product will make it incorporate into everyday perfectly anywhere in the home, office or premises where it is, whatever the line appearance. All shapes, this plate is available in three possible finishes, so that the user can choose the one you like best, or better adapts to the decorative needs of their room. In this sense, Simon created multifunctional and very versatile products in different colours and finishes that ensure a perfect operation at technical level, but at the same time, go to be decorative elements in the rooms where it is located. The cover is made of thermoplastic material, which gives greater hardness against challenges external and scratches and knocks, in addition to a great resistance to high and very low temperatures.
