# Flat voice and data plate with dust cover for 1 RJ45 connector cold aluminium Simon 82 Detail

REF. **82005-93**

## BASIC INFORMATION

### DESCRIPTION

Voice and data flat plate with dust cover for 1 RJ45 connector connector in cold aluminium colour corresponding to the Simon 82 Detail series. It is available in 6 finishes, so it is recommended to choose the frame with the same baseboard colour of the selected plate. The plate has dimensions of 55x55 mm and comes in individual packs. It is a type of flat base plate suitable for surface and flush mounting. Among its features, it is worth highlighting the resistance to extreme temperatures (between -25 and 50º), although it is preferable to keep it at a temperature of between 5 and 40º, since it is made of metallized thermoplastic, it is advisable to clean it with a soft and dry cloth, on the contrary, it is not advisable to use cloths and / or abrasive cleaners containing chlorine, as they could damage the plate. The RJ45 adaptor module is included.
