Plate for R/TV+SAT inductive sockets white Simon 27 Scudo

REF. **2705097-030**

BASIC INFORMATION

DESCRIPTION

It is a plate designed for R-TV + SAT inductive sockets with white finish, the article is included in the Simon 27 Scudo series, a collection whose mechanisms have been designed specifically for harsh environments where there is a risk of unwanted undue or scratches. This plate, for example, is made of a material as solid and thermoplastic. The article has a high resistance to extreme temperatures. It is suitable for flush mounting, being advisable to its installation in environments between 5 and 40ºC temperature to keep it in optimum condition for longer. It can also be installed vertically and horizontally, to taste of the user. The plate is available in two finishes, therefore, it is advisable to select a frame that is the same colour as the plate in question. When it comes to maintenance, a soft humidify and rub it gently against the plate.
