

Front kit for 2 elements with 1 dimmer rocker, 1 USB charger and 1 German socket outlet matt white Simon 100

REF. 10020209-230

BASIC INFORMATION

DESCRIPTION

Front kit for 2 elements with 1 adjustable key, 1 USB charger and 1 base plug white Schuko matte of the Simon 100 series that is compatible with the rest of elements of this series.

The emborning is done via screw for the USB and cut for the Schuko format and the switch. This kit can be installed both vertically and horizontally. It works with a voltage of 230 V~.

It has a nice design in a matte white finish that combines ideally with almost any environment, whether modern or classic, thanks to the harmony of the device. With two elements, an adjustable key and a USB port charger in addition to a Schuko plug base, this Simon 100 front kit offers three functionalities.

For proper maintenance, the product must be preserved at a temperature between 5° C and 40° C. This will directly affect the operation of the front kit, while the temperature range for storage should be from -25° C and 50° C.

FINISH

Matt white

COMPATIBILITY

Kit mechanisms Simon 100
