Voice and data flat plate with dust cover for 1 element for 2 Panduit® RJ45 connectors white Simon K45

REF. **KB69/9**

BASIC INFORMATION

DESCRIPTION

Do you need position, place any type of connector or mini-tower concern and you will not be able to combine it with the space of work? Don't worry, Simon has thinking of all this and for that reason they have created the collection Simon K45. In this section you will find any element needed for a good connection within an ambience professionally. As this plate for voice and data connections in flat form. This plate has two Panduit ® RJ45 connectors, also has a dust shutter, a finish is white in colour and has been manufactured with thermoplastic materials, free of FREE. Also, so its installation and maintenance, it is very simple and quick, as in all Simon products. Its installation you can perform for surface-mounted or recess, while you just need a soft, dry cloth to clean it. That is why Simon K45 is the best choice in those environments in the links are key as offices, meeting rooms and conference, but also in other such as hotels, hospitals or libraries.
