

Adaptor plate white Simon 28

REF. 28088-30

BASIC INFORMATION

DESCRIPTION

Adapter plate in white colour of the series Simon 28, with 1 element and made of thermoset material. Simon 28 is a series that offers a perfect integration, thanks to its frame curvilinear, which is integrated, discreet, in the project architectural and to its different design and with its own character. This plate can be installed in both of surface-mounted and flush mounted, located in rooms with a temperature between 5 and 40°C, although it is able to withstand extreme temperatures of -25 to 50°C, which means that it is a plate suitable for all types of climatologies. If you want to keep this plate in optimum condition always, which will have to use a soft cloth slightly moistened in soapy water and forget you use abrasive cloths or cleaners containing chlorine in its formulation, since it could estropeado and does not operate correctly.
