

Single rocker for switches white Simon 28

REF. 28010-30

BASIC INFORMATION

DESCRIPTION

This individual Rocker of the series Simon 28 is specially designed for control mechanisms. The product includes R-TV and SAT engraving and is packaged in a traditional white finish, a colour that will make it ideal for any room in the home, office or premises where it is, without a break with the harmony appearance. Its installation is very simple and is carried out by means of recessed, offering the possibility to be placed in two positions, horizontal or vertical, depending on the tastes and needs of the room. Its thermoplastic material is of high quality and gives an extra hardness and resistance to high or low temperatures. Also, this material, it protects the product of external harmful actions and scratches and knocks. Its maintenance is very simple and is carried out using a soft slightly moistened in water and soap. Must not be used chemical products cleaners, as they could damage the structure.
