

Blind cover white Simon 27 Play

REF. 27800-35

BASIC INFORMATION

DESCRIPTION

Protecting the mechanisms of electrical and electronic systems will bring us many advantages in the short, medium and long term. To avoid its deterioration by the daily use of these structures is one of them. Was manufactured with this purpose the blind Cover white of the Simon 27 Play series, a piece available in four finishes, which allows customers to choose the frame with the same colour as the selected cover. This situation increases the possibilities of decoration and design in the rooms of homes and companies. This blind cover takes care of the detail and creates an ideal atmosphere thanks to its wide range of colours, being its installation suitable for surface and flush mounting. With dimensions of 45x45 mm, this is a piece made with thermoset materials that prevent oxidation of the structure over time under high temperature conditions.

FINISH

White

MATERIAL

Plastic
