

Blind cover aluminium Simon 31

REF. 31800-33

BASIC INFORMATION

DESCRIPTION

Protect its electrical mechanisms with the intense blind cover in aluminium of the collection Simon 31. Available in 5 different finishes, it is recommended to combine frame and cover of the same colour, so the set acquired the ideal balance between tone and form. Made of metal materials of metallized thermoplastic, it protects the room in case of fire and allows the set reach a temperature range from 40 to 63 °C. For greater versatility of the product, to its compact 64 x 65 mm, it is the possibility of installing it by flush mounted or surface-mounted to ensure the integration of the set in all types of spaces, adapting to the needs technical and aesthetics of the same.
