

Adaptor plate champagne Simon 82

REF. 82088-34

BASIC INFORMATION

DESCRIPTION

Adaptative plate finished in champagne colour belonging to the Simon 82 range, a collection by Simon that creates trend thanks to the simplicity and balance of its elements. It has a wide range of textures and that is why they offer you six finishes for your choice, making you choose the one that best suits you for every corner of your home, you can benefit from the unique minimalist design of the Simon 82 series, with endless controls for electronic functions for different sections, lighting, multimedia, audio, blinds, etc. The innovative functions of the Simon 82 range are e. g. the step - standby, ideal for business, child guardrail, plug-in child-protection or light frame for night-time location. This is only part of its great potential. All the finishes of the series are designed to last and that is why they have the most avant-garde designs available for installation.
