

Frame for 4 elements matt champagne interior aluminium Simon 82

REF. 82944-34

BASIC INFORMATION

DESCRIPTION

It is a frame for 4 elements finished in matte champagne and indoor in champagne colour, it is part of the Simon 82 series, a collection that is characterized by its balance and minimalism, two aspects that create trend in the field of space decoration. The baseboard of this article is made of metallised thermoplastic and the frame is made of zamak. The piece is suitable for flush mounting and has been manufactured in strict compliance with the regulation. Also, this frame is characterized by an extraordinary thermal resistance, although it is advisable to install it in environments with a temperature range between 5 and 40°C. It has measures of 300x89 mm To achieve a more satisfying result, the ideal thing is to combine this frame with rockers and covers with a champagne finish, as for its cleanliness, it will be enough to use a soft and dry cloth and give light passages to the article.
