

Plate for inductive R/TV/SAT sockets champagne Simon 31

REF. 31097-64

BASIC INFORMATION

DESCRIPTION

Plate for R/TV + SAT inductive sockets, in champagne colour finish (even if it is available in champagne colour and it is recommended to choose the frame in the same colour as the selected plate) and belonging to the series Simon 31. This plate is suitable both to be flush mounted and surface-mounted, in rooms with a temperature of between 53 to 40°C, although it can withstand extreme temperatures, perfectly, most of 50°C, approximately. Complies with the regulation UNE -s 50083-2: 2013 and is manufactured in thermoplastic, a material very easy to clean because it will only need to use a soft cloth slightly moistened in soapy water and never use abrasive cloths or cleaners that contain chlorine in their formulation, as they could damage the plate and do not worked of the correct way. The series Simon 31 is a mechanism collection of simple lines that integrates easily in any type of project, as it has a functional design that adapts to any type of ambience.

FINISH

Champagne
