High surface mount box for 1 element black Simon 75

REF. **75751-32**

BASIC INFORMATION

DESCRIPTION

The quality of an installation should not be at odds with the style of a room, so we offer products of great technical performance as well as solutions to adapt them to the tastes of the client and the decoration of the environment. The surface-mounted box for 1 black Simon 75 black element is made of high quality painted thermoplastic material and high thermal resistance. To maintain an adequate appearance, it is highly recommended to use the black finish for rockers and covers. This box stands out for its easy installation, being suitable for position, place in any surface-mounted without any masonry, although it is also suitable to be recessed, compact in appearance, it also has a tight size of 82x89x37 mm, perfect to make it very functional and not out of tune with the decoration of the room. This product requires an intermediate piece for installation and is also available in version for 2 elements.
