

Voice and data flat plate for 1 element without dust cover for 1 Infra+® RJ45 connector black Simon K45

REF. K075/14

BASIC INFORMATION

DESCRIPTION

The series Simon K45 has been manufactured to offer the best result in any type of workplace solutions, whether electrical, voice, data or multimedia. Designed for spaces professionals, it can be perfectly adapted to any type of furniture or concept. One of the elements that presents this series is the plate of voice and data. Available for one element and with space for 2 RJ45 connectors, in this case Infra + ®. In flat form and without dust shutter, this plate is made of halogen-free thermoplastic and has a black finish in grey colour effect. In the collection Simon K45 you will find a wide range of connectors, plates, boxes or modular systems to be adjusted to any space or workplace., and as always that we talk about Simon, accompanied by the best quality materials and designs apply any ambience.
