

Flat voice and data plate with dust cover for 1 Systimax® RJ45 connector grey Simon 75

REF. 75598-65

BASIC INFORMATION

DESCRIPTION

It is a flat voice and data plate for 1 Systimax ® RJ45 connector. It has a flat design, is grey in colour and contains a dust cover. It belongs to the Simon 75 collection, a series that offers endless combinations thanks to its wide range of mechanisms in all kinds of finishes and different colors. This voice and data plate can be found in 3 finishes and is made of thermoplastic, in addition, it is suitable to be recessed, so that its installation is easy ostensibly. The adaptor module is included with the plate. For optimum results, it is advisable to combine the plate with a frame of the same colour. Also, it is preferable to install the plate in environments with a temperature range between 5 and 40°. When it comes to maintenance, simply use a soft cloth and moistened in soapy water is concerned, a simple cleaning habit that will prolong its life. It does not include any kind of engraving.
