USB 2.0 connector type B female with trim plate white Simon K45

REF. **K131B/9**

BASIC INFORMATION

DESCRIPTION

Type B USB 2.0 connector, female, that comes with a trim plate in white colour. It is a mechanism that has a female-female connection, a new much easier and fast, without welding. Included in the series Simon K45, is suitable for surface and flush mounting. It measures 22.5x45 mm and consists of a single module. It is manufactured with metal components with thermoplastic insulation and self-extinguishing halogen-free. This is a material that provides maximum security in case of fire, guaranteeing no flame spread in case of fire. The ideal is that the cabling does not exceed the 5 meters for low-speed devices such as keyboards, mice, or the 2,2 meters for those who are high-speed, such as the or the printers, hard drives. It is essential to the maintenance in this kind of parts. It will be enough to clean it with a soft and dry cloth.

FINISH

White
