REF. 75084-31

BASIC INFORMATION

DESCRIPTION

With engraving 1-2-3, the Cover for three-position rotary switch in ivory of the Simon 75 series is one of the best-selling products for installing electrical installations in public and private buildings. Available in snow and ivory lanco finishes, for easy installation, which can be done comfortably in a few minutes, it is necessary to use a universal recessed box or, in its absence, a baseboard surface-mounted. Your cleanliness? A damp cloth is sufficient to maintain its structure in perfect condition. Your resistance? The maximum thanks to the thermoset components with which it has been manufactured. His price? The best that can be found in the market today, like the rest of the products included in the Simon 75 series, this cover offers a wide range of options suitable for any decorative space.
